

Product Specification

Product Name	AR anti-reflective film
Product Code	AR001

Product Features

- High transmittance and low haze
- Reduced anti-reflective and anti-fingerprint
- 2H hardness for scratch resistance
- Excellent weather resistance
- Good exhaustion, easy to install, no adhesive residue
- Enhance the durability of touch screen and LCD screen
- Enhanced screen viewing comfort

Product structure

Properties of Product

property		unit	parameters	Actual measuremen
Thicknesses	Total thickness	μm	250±15	250
	Protective film		50±5	50
	Using Layer		150±30	170
	Release film		50±10	50
Transmittance		%	95	JIS K7105
Haze		%	≤0.7%	JIS K7105
Reflectivity		%	0.9	≤0.7%Avg. (5°.450nm-700nm)
